Set Up Manually

You *MAY* or *MAY NOT* see the following screen.

If you do, tap on 'Set up Manually'

Choose a Wi-Fi Network

This will be your home Wifi Network and Password

On the screen stating that Westside will auto configure the iPad, **Click next.**

Remote Management

"Westside Community Schools" will automatically configure your iPad.

What does Remote Management do?

Remote management enables the administrator of "Westside Community Schools" to set up email and network accounts, install and configure apps, and manage this iPad's settings.

About Remote Management...

You'll be asked to review the District's Acceptable Use Agreement.

Scroll to bottom

Click Agree.

Westside Acceptable Use Agreement

By using this device I promise to:
Be Safe
Be Respectful
Be Responsible.

In addition, I am bound by the Westside acceptable use agreement:

Full School Board Acceptable Use Policy #6410

Any person who is accessing the Internet using school equipment and services understands and agrees to the following. Use of the Internet is monitored, both by adult supervisors, and by random technical devices.

Not accepting these responsibilities, or any infraction which shows non-compliance, would lead to restrictions or severance of access to services, as well as other possible
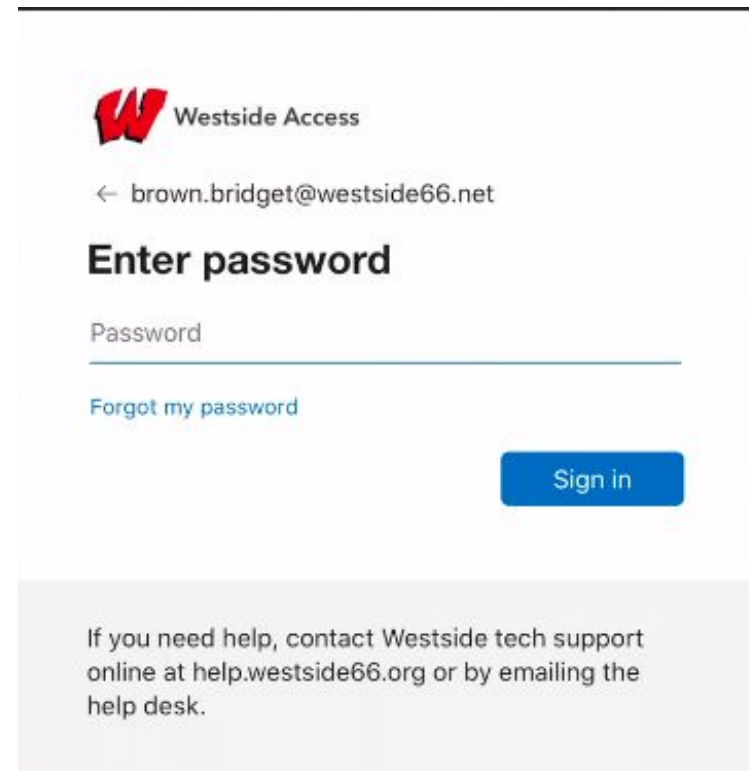

Westside Login

On the **Microsoft sign in Screen enter your Westside Email**

Then tap on **Next**.

On this screen enter your **Westside Password**
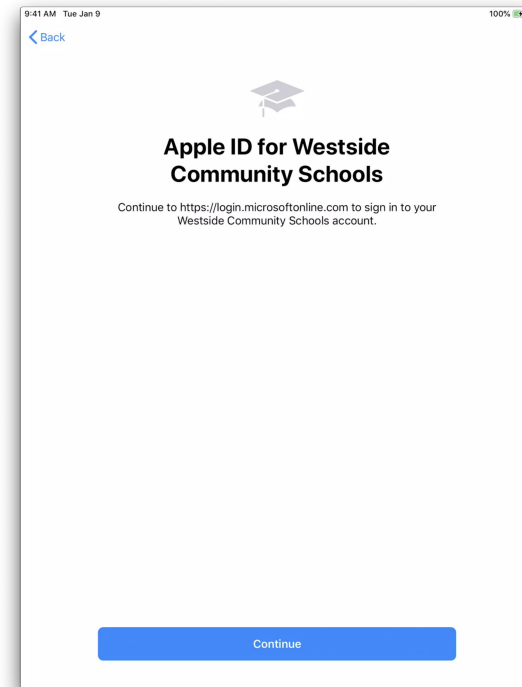

Tap **Sign In**

Apple ID Setup
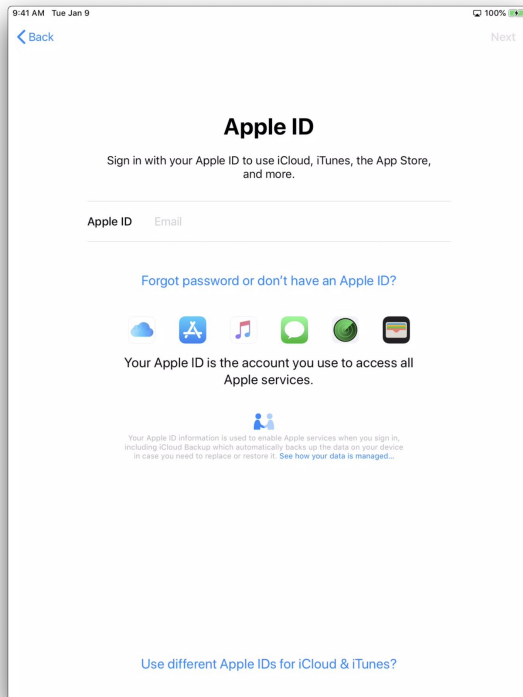

On the **Apple ID** screen, enter your Westside full email address. For example: *smith123@westside66.net*
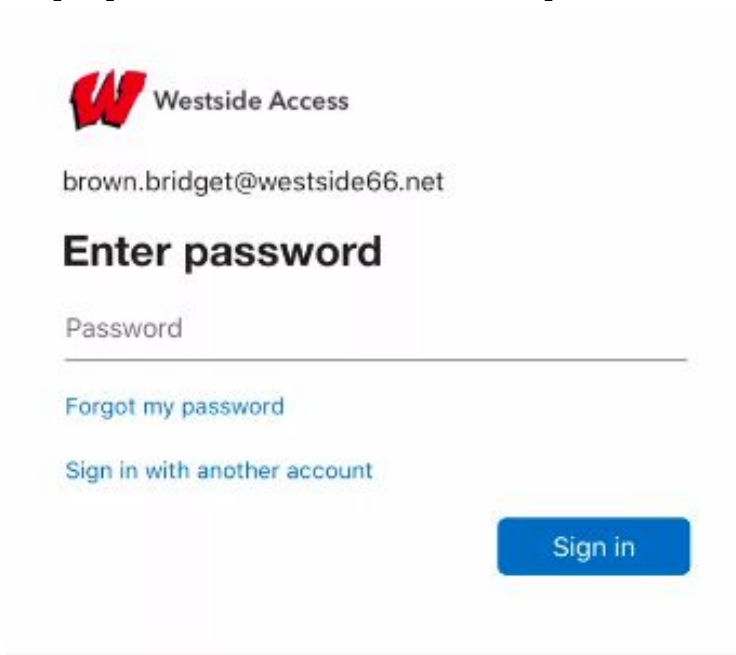

Then tap on **Next**.

You'll then see this screen letting you know that you will be signing in with a Managed Apple ID.

Tap **Continue**

Apple ID Setup

Westside Access

brown.bridget@westside66.net

Sign in with another account

Sign in

It may take a few minutes to set up your Apple ID...

Type in Password second time

Then tap on **Sign In.**

You will see this screen, this may take a few minutes.
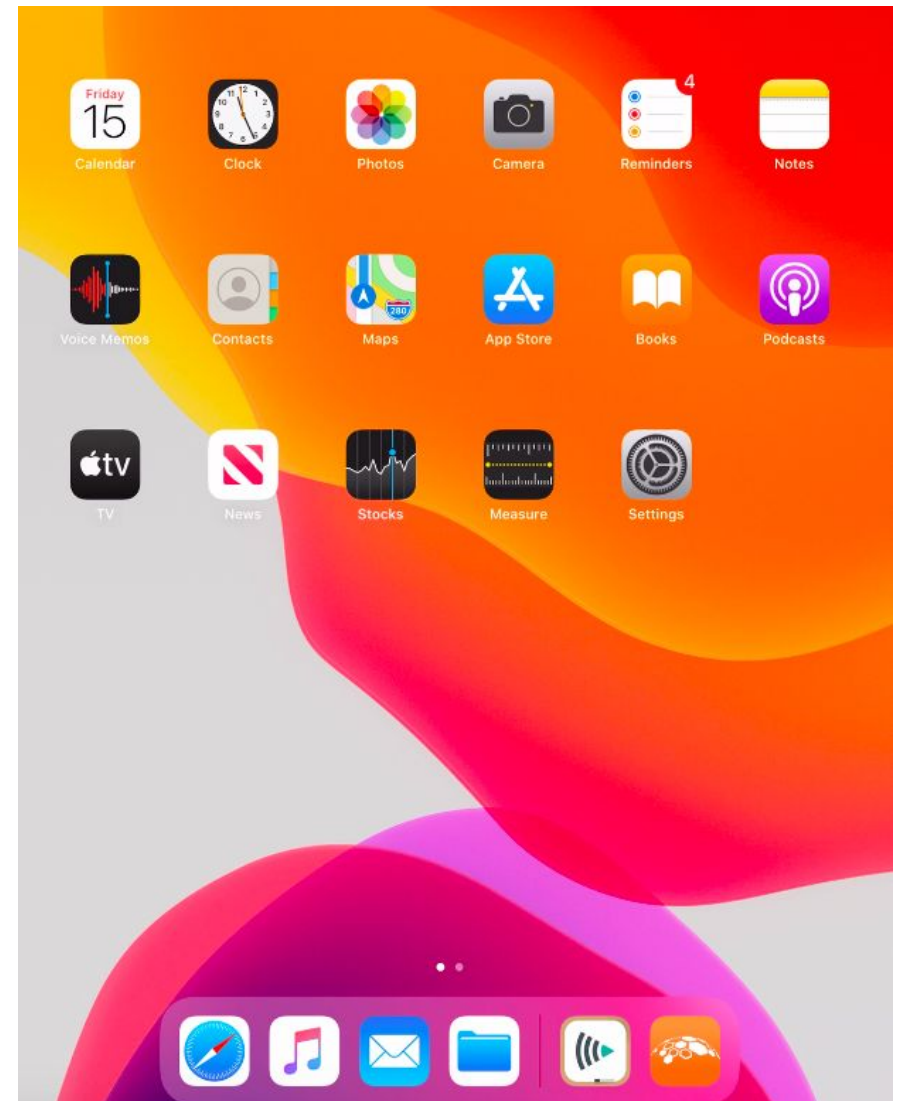

Location Services

On the Location Services screen, select '**Enable**.'

Enabling Location Services is critical. Without Location services on, students may not be able to download apps from Self-Service and other management settings may not work.
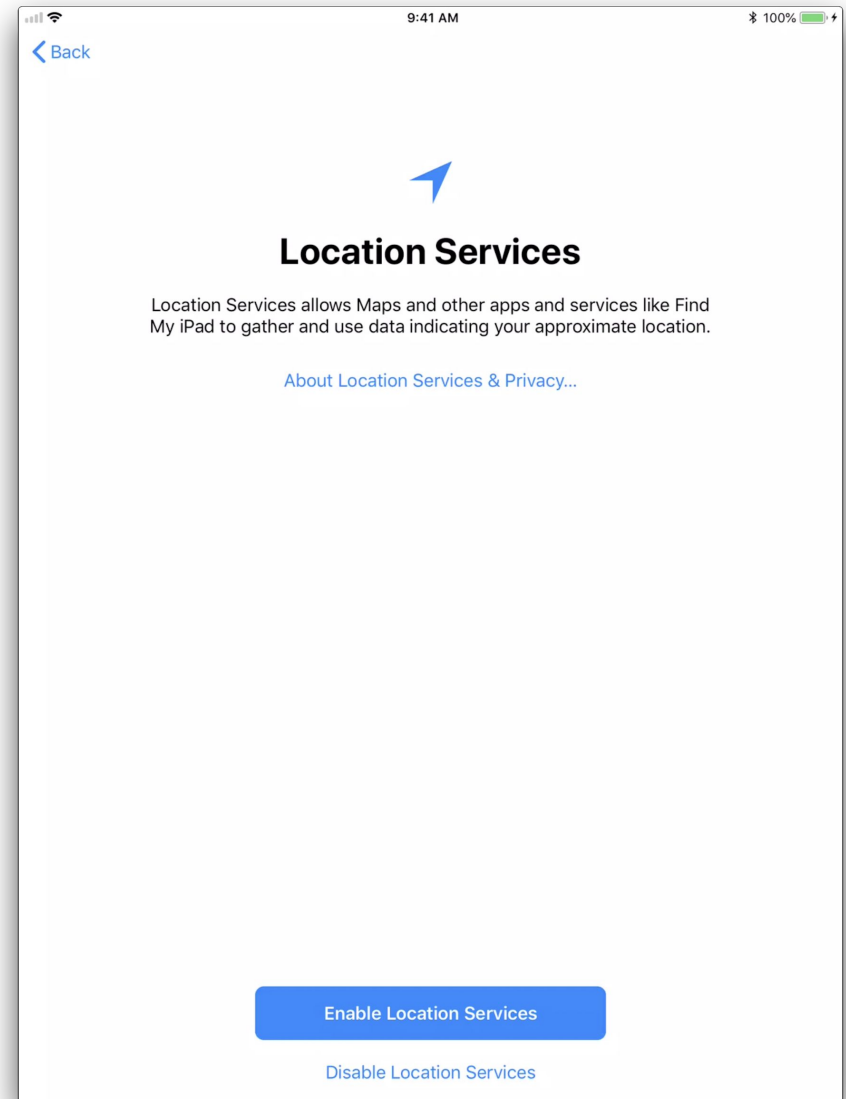

You should now see the iPad's home screen. You will begin to see apps populate.

The iPad is all set up!

Setting Up Email

To set up email, click on 'Mail App'.

Choose "Google" and follow prompts to login to your Westside email

Setting Up Email cont…

When the Google login pops up, enter your Westside email and password.

That's it!

A set of default Westside apps will begin to download.

Additional apps can be downloaded from **Mosyle** which is the new Self Service.
