

# Tech Tips for students using the NWEA browser for NSCAS and MAP

Swipe closed all open apps using the app switcher screen.

If the battery icon is yellow, you will need to turn off Low Power Mode before you launch the NWEA app. Otherwise the iPad can get locked into the app and you'd have to visit the tech support office to get the iPad restarted with a remote command. To turn off Low Power Mode, go to Settings - Battery

This app for the MAP test.

This app for NSCAS test.
